Tutorial de GIT

The screenshot shows the 'learn-gitbranching.js.org' website in a browser. The page is titled 'Selección un nivel' (Select a level) and has tabs for 'Main' and 'Remote'. The 'Remote' tab is selected, and the section 'Push & Pull -- Git Remotes!' is displayed. The text on the page includes: 'Hora de compartir sus 1's y 0's, chicos; programar se volvió social!', '7: Historia divergente', 'Hasta el origin y más allá -- Git Remotes avanzado!', 'Y pensabas que ser un dictador benevolente sería divertido...', and '8: Parámetros de pull'. There are several green checkmark icons indicating progress. A terminal window on the left shows the commands '\$ help' and '\$ levels'. The bottom of the image shows a Windows taskbar with various application icons and a system clock indicating 15:14 on 9/11/2020.
